# PURCHASE OF SERVICE APPLICATION PACKAGE

#### Instructions

Read pages 1 and 2 before completing the attached form.

For full details on buying service, including tax considerations and information to help with decision-making, visit the plan website at **mpp.pensionsbc.ca**.

You may be able to complete this form using the purchase cost estimator in My Account (myaccount.pensionsbc.ca).

## What you need to know

## Who can buy service?

As a member of the Municipal Pension Plan, you may be able to buy service for:

- Approved leaves of absence
- Past service or non-contributory service
- Arrears periods

To learn more about these service types and whether you might be eligible (as well as restrictions on buying service), visit the plan website.

#### Cost and value

By buying service, you increase the number of years that count toward your pension. This could get you closer to an unreduced pension and increase the amount of your benefit at retirement.

- Sign in to My Account at **myaccount.pensionsbc.ca** and use the purchase cost estimator to estimate the cost and value of buying service
- Find examples and a decision-making guide at mpp.pensionsbc.ca/taking-time-off-work-and-buying-service

#### **Purchase options**

For leaves of absence covered by the *Employment Standards Act (ESA) or Canada Labour Code (CLC)*, you can choose between two options:

- Option 1—Continuous contributions (about once a month) throughout your leave
- Option 2—Lump-sum payment after your leave ends

ESA/CLC leaves include: maternity, parental/adoption, compassionate care, family responsibility, bereavement, jury duty, leave respecting disappearance of a child, leave respecting death of a child, critical illness or injury, personal illness or injury, Covid-19-related, and leave respecting domestic or sexual violence.

For general leaves (not covered by the ESA or CLC) or other service types, you can only make a lump-sum payment.

For details on leave types and options, visit the plan website.

#### **Deadlines**

Your deadline to apply depends on how you are buying your service (see Purchase Options above):

- If you wish to continue making contributions during a leave of absence, you must apply within 30 days of starting your leave (e.g., if your leave starts on May 1, you can apply up to May 31)
- If you are making a lump-sum payment after your leave of absence, you must apply by whichever of the following deadlines comes first:
  - Five years from the end of the leave period you're applying to buy
  - Thirty days after leaving the employer with whom the leave occurred

If you are buying a different type of service (not a leave of absence), visit the plan website for deadline details.

## How to complete this form

## Before you begin

You'll need to know:

- Your purchase type and start/end dates (your employer can help you find this information)
- Your Person ID number (found on any document sent to you by the pension plan)

#### Complete and submit the form

To apply to buy service:

- 1. Complete Part A of this form. For leaves of absence, be sure to indicate if you want to continue making contributions or make a lump-sum payment.
- 2. Send the completed form to your current employer. Your employer may request additional documents to complete your application (e.g., pay stubs or a letter of hire.)
- 3. Your employer will complete Part B and send the form to the plan.

#### **Next steps**

- Don't send money at this time
- Your employer must send the completed form to the plan within 30 days of receiving it from you
- The pension plan will process your application and send you a statement noting:
  - Cost to buy service
  - Payment due date
  - Payment options
- Once you receive the statement:
  - If you decide to buy service, you must pay the amount shown by the payment due date
  - If you choose to make continuous contributions, you will receive a new statement of cost about once a month throughout your leave
  - You may pay for your purchase by personal or certified cheque, online banking, money order, bank draft and/or RRSP transfer
